Media Permission

Dear Parent/Caregiver

From time to time the media approach the school requesting co-operation in photographing, filming or interviewing students. The school also seeks to promote the achievements of students by naming them in material provided to the media or by arranging for them to be included in photographs within the school or classroom, for newspapers, and the Internet or vision for television stories.

If you are willing for your student(s) to be photographed, filmed, named or interviewed on topics that do not involve current issues or do not offer a personal insight, would you kindly sign the consent form below and return it to your student's(s') class teacher.

You will be contacted specifically if your student may be required to offer an opinion on an issue or may be required to discuss something that could give a personal insight into themselves, your family or friends, or the request is from media outside the local area.

The school understands that there can be many reasons why families may prefer that their students do not appear on the media or Internet, and respects your wishes. If you sign this consent form, but later wish to withdraw it, please notify the school so we can adjust our records accordingly. To avoid confusion, if you wish to alter consent, you may wish to contact the school in writing or visit the school to complete another form.

If you wish to discuss consent for your student to appear in the media or Internet, please feel free to contact me.
